We've been bathed in Plasma Energy since we entered the nebula, that's why this is our mission.

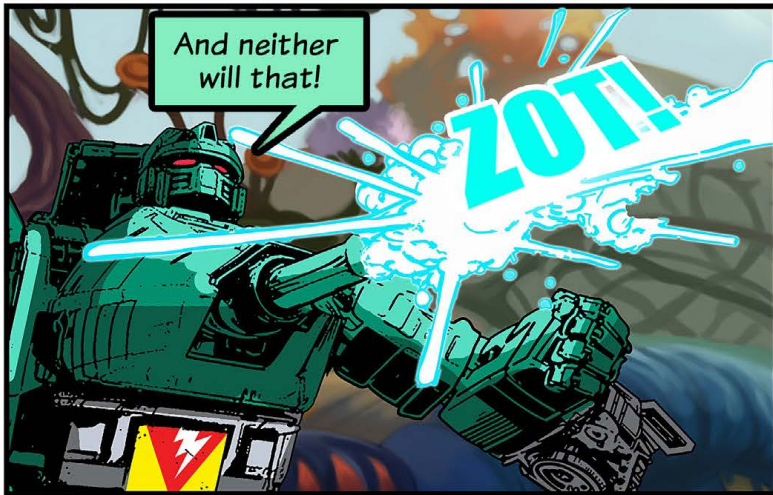

It may irritate our hybrid systems, but it won't hurt us.

INNO-

C-CLICK!

And neither will that!

ZOT!

KRAKADOOOOOOOM!

Auto-defenses on a *secret* base in the center of a plasma nebula! One with a *door*.

Auto-defenses? On a planetoid in the center of a plasma nebula?

Good job! Now lets find a way to open-

ON IT!

Hey, that's my job!

KA-RASH!

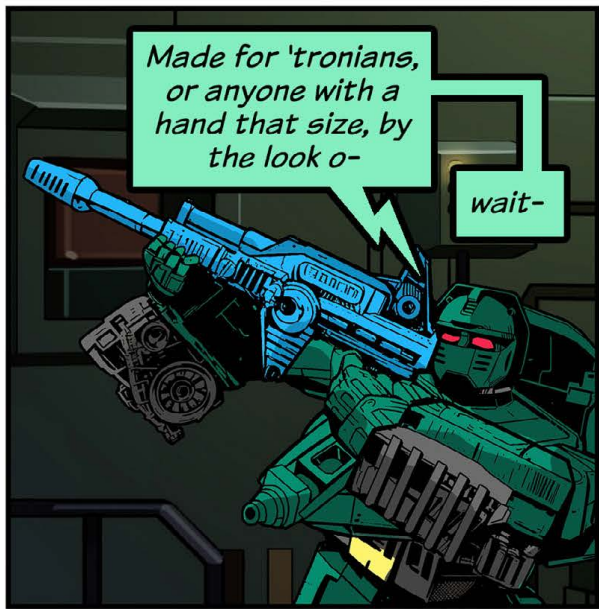

Wait! There might be more guns!

Oh yeah-

There's more guns!

Some kind of armory..?

Made for 'tronians, or anyone with a hand that size, by the look o-

wait-

CYBERNETIC ORGANISMS DETECTED.

Security system! Get behind me!
